PROFILE

Architect focused on Lighting Design with over 6 years of experience as a project manager for various hospitality, urban, corporate, and residential projects; around North America and the Caribbean. Proficient in verbal and graphic communication, personnel management, research and time control.

EXPERIENCE

PROJECT MANAGER

EVOKE ARCHITECTURAL LIGHTING DESIGN

2013 - 2019

- Work with several projects in USA, Canada, Mexico and the Caribbean. From hotels, restaurants, offices, resort amenities, public spaces and residences.
- As project manager I was in charge of the necessary deliverables for the project completion. From Concept Design to Construction Documents. Including lighting control and final focusing of the end result.
- Development of all the lighting documentation to meet deadlines. Light fixture, decorative lighting, lamps, components, accessories, compatible power supplies/drivers and controls specifications. Hand and CAD details, lighting control, mock-ups, lighting calculations and wattage loads calculations to be code compliant, among others.
- Knowledge and application of different codes, national and local. Specifically USA & Canada.
- Management of different projects at the same time.
- Staff management variable from teams of 2 up to 8 people.

PROJECT MANAGER

COLECTIVO TRICICLO

2011 - 2013

- Architecture studio focused on the public space integration to the urban landscape. As well for construction projects including retail and residential. In charge of the production of all the required drawings and documents for implementation and permit.

SOCIAL SERVICE

PUBLIC SPACE RECOVERY, BIKELANE AND LINEAR PARK INTEGRATION PROJECT

2010 - 2011

- As part of an university program, we manage the social and political demarche for the construction of a linear park and bikelane in a town near Guadalajara, Mexico.
